

S5/6 Options Form

Name: _____ **Tutor:** _____ **Head of House:** _____.

Date of course choice meeting: _____ **Persons present:** _____.

Career Ideas/Career Pathway/intended positive destination. Any career ideas and possible pathways should be noted here.

What subjects do you enjoy most/think you are best at? Which subjects are most likely to get you a National 5 qualification?

Do you have any subjects which you think you will stick with all the way up the school, possibly to/Higher/Advanced Higher

Any other notes/comments/requests:

All pupils in S5 undertake a minimum of 5 qualifications plus Higher Personal Development. All pupils in S6 undertake a minimum of 4 qualifications, plus Religion Beliefs and Values through Core RME. Courses in italics are not SQA Higher/N5 courses, but are equivalents at this level. All pupils in S5 & S6 undertake the core subjects: Personal & social education, Physical education and Religious & moral education.

All pupils should make a first and second choice in each column. Where a higher is not possible, pupils may opt into a National 5 course. For each National 5 course undertaken, pupils should choose a skills enhancement course.

	Choice 1	Choice 2	Choice 3	Choice 4	Choice 5
Higher Courses (S6 only-indicate next to choice if you are selecting an Advanced Higher Course)	Biology Chemistry Dance English Environmental science German Human biology Maths Physics Politics Religious, moral & philosophical studies	Business management Care Geography History Maths Modern studies Sociology	Administration & information technology Art & design English French History Physical education	Biology Chemistry Computing Design & manufacture Fashion & textiles technology Music Photography <i>Play in a sports environment(national progression award)</i> <i>Sports leadership (youth achievement award gold)</i>	Accounting Art & design <i>Beauty (skills for work)</i> Graphic communication Health & food technology Music Physical education
National 5 Courses	Biology Chemistry Computing Dance Environmental science German Lab skills Maths Physics Religious, moral & philosophical studies	Business management Creative Industries Early years & childcare Geography History Modern studies Physical education	English Administration & information technology Art & design History Physical education Practical metalwork Practical woodwork French	Biology Chemistry Computing Design & manufacture Fashion & textiles technology Hospitality Music	Accounting Art & design <i>Beauty (skills for work)</i> Construction crafts Graphic communication Health & food technology Music
	1.	1.	1.	1.	1.
	2.	2.	2.	2.	2.
